Comments

Comment by Yaroslav [16/лют./26]

TC_AddSingleProduct_001

Environment:

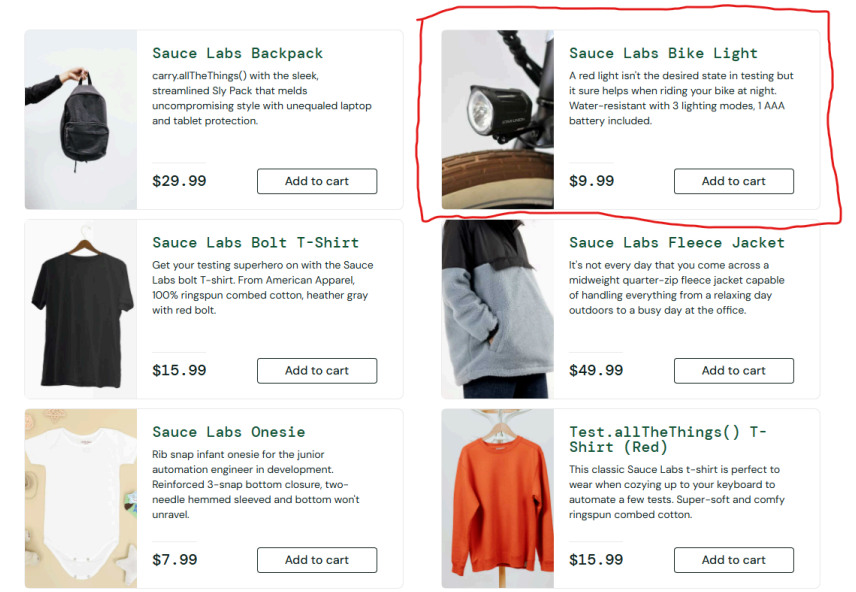
- browser Google Chrome ver 145.0.7632.76

Preconditions:

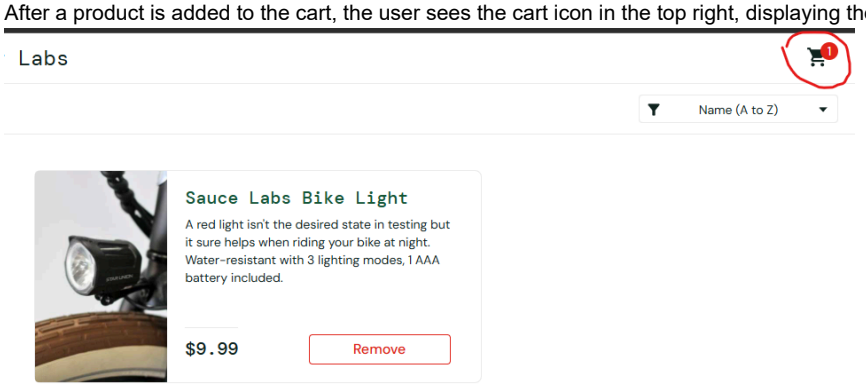
- Common Preconditions applied

Steps:

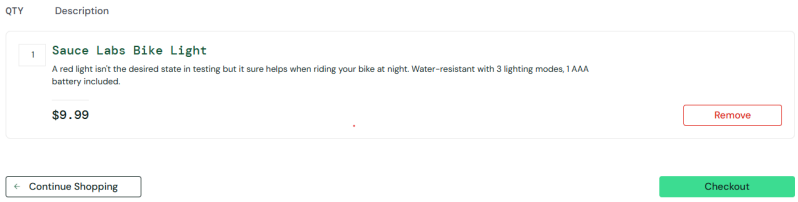
- Click "Add to cart" button for product "Sauce Labs Bike Light"



- After a product is added to the cart, the user sees the cart icon in the top right, displaying the number of products in the cart.



- User can click the carting shop to check what product he added early



-

Expected:

- Add product to cart
- Open cart
- Click "Remove"
- Verify product disappears
- Verify cart badge updates

Actual Result:

- User add product to carting shop and check list of products in carting shop

Status:

- Pass

Comment by Yaroslav [16/лют./26]
